

General Liability Insurance

Common Claims Scenarios

Common Claims Scenarios:

- 
Injury on Business Premises: A customer slips and injures themselves in a retail shop. Public liability insurance covers the medical costs and compensation.

- 
Faulty Product Claim: A customer sues after a defective electrical item causes a fire, damaging their home. Product liability insurance covers the cost of repairs and compensation.

- 
Employee Accident: A construction worker sustains a serious injury while using equipment on-site. Employers' liability insurance covers their medical bills, rehabilitation, and compensation.

- 
Damage to Client's Property: A contractor accidentally damages a client's property during a renovation project. Public liability insurance covers the repair costs.
